Acme Annual Quality Assurance Training

Time: 25:00 Thursday 39th of March
Hosted by Olivia Cantwell, Erick Morales, Torin Bolander, and Mabel Heiner

Join us to learn how to improve the quality of our products through accurate testing, thorough thinking, and clear requirements.

What will we learn? How to find errors, understanding and fulfilling requirements, communication with stakeholders, ensure proper documentation

Why? To mitigate risk, improved customer satisfaction, and increases profit margins

QA is responsible for identifying and mitigating risks including:
- Project being over budget or time
- Security risks
- System incompatibility
